INSTRUCTIONS TO APPLICANT

In order to be eligible for retirement benefits, you are required to produce proof of your age. The following is a list of the documents which may serve as proof of you age. Some of these documents are better proof than others. This list is arranged starting with the best type of proof, and going down to less desirable types of documents.

You are required to furnish the best type of proof which is available. It is recognized, of course, that in many cases a birth certificate may not be available, particularly for those who were born outside of Canada. In that case, you should secure the next best type of proof. Additional proof of age may be required if the document which you submit is not convincing proof. If you do not have any of the documents shown on the list below, contact the Pension Fund Office for guidance about other ways of proving your age.

You do not have to furnish the original of any of these documents; you may submit a photocopy.

1. A birth certificate
2. A baptismal certificate or a statement as to the date of birth shown by a church record, certified by the custodian of such records.
3. Notification of registration of birth in a public registry of vital statistics.
4. Hospital birth record, certified by the custodian of such records.
5. Document showing approval of the Canada Pension Plan if date of birth or age is indicated.
6. A foreign church or government record.

The following may be accepted as sufficient proof of age. If possible, please furnish **two documents** from the following list:

1. A signed statement by the physician or midwife who was in attendance at birth, as to the date of birth shown on their records.
2. Naturalization record (photocopy not permitted; submit original--it will be returned)
3. Immigration papers (photocopy not permitted; submit original--it will be returned)
4. Military record.
5. Passport (photocopy not permitted; submit original--it will be returned)
6. School record, certified by the custodian of such records.
7. Vaccination record, certified by the custodian of such records.
8. An insurance policy which shows the age or date of birth.
9. Marriage records showing date of birth or age (applications for marriage license or church record, certified by the custodian of such records or marriage certificate).
10. Other evidence, such as signed statements from persons who have knowledge of the date of birth or voting records.
